Title:

POWER SYSTEM INITIALIZATION DURING PDS

Models:

'06 Applicable Toyota & Scion

REVISED

PD014-06

PRE-DELIVERY SERVICE

TSB REVISION NOTICE:

- March 8, 2006: The Power System Initialization Table has been updated to include TSB references for the back door power window for Sequoia, the compass for Solara, and the power window for Prius.

Previous versions of this TSB should be discarded.

Introduction The following is a list of the vehicle systems (Power Window, Sliding Roof, Tire Pressure Warning System, etc.) that need initialization during Pre-Delivery Service (PDS) and the TSB numbers containing details on initializing each specific system.

NOTE:

Items in **RED** also need to be initialized any time the battery has been disconnected.

Applicable Vehicles

- **2006** model year **Applicable Toyota** and **Scion** vehicles listed in the following table.

Power System Initialization Table
